Railroad Museum Presents “Trains & Tripods” Photo Opportunity & Lighting Seminar on October 20-21

SACRAMENTO, Calif. – Lights, camera, action! California State Parks and the California State Railroad Museum & Foundation are proud to offer a two-part “Trains & Tripods Photo Opportunity & Lighting Seminar” for photographers on Friday evening, October 20 and Saturday morning, October 21, 2017.

In partnership with Mike’s Camera, the unique program starts with an optional, fast-paced and information-packed seminar about existing light photography on Friday evening from 5:30 to 8:30 p.m. that will be conducted by former *Sacramento Bee* photographer and Canon USA Digital Learning Center Instructor Dave Henry. Then on Saturday morning, a photographers-only “bring your own tripod” photo workshop will take place inside the visually-enticing museum from 7 a.m. to 9:30 a.m. (before it opens to the public for the day). Photographers of all skill levels can choose to attend one or both of the activities.

To participate in the “Trains & Tripods” activities, the cost is \$35 per person for the Friday evening seminar, \$35 per person for the shooting workshop or \$60 per person for both. Space is limited to 50 participants and advance registration for “Trains & Tripods” is required. All photographers are required to sign a release of liability and a “not for commercial use” clause. To register online, interested photographers can visit <https://www.californiarailroad.museum/events/trains-and-tripods>. For general questions about the Railroad Museum, please call 916-323-9280.
